The President's Paragraphs

"THE ROAD AHEAD"

When one is driving an automobile it is not wise to look back too frequently. Scenes just passed will linger in one's memory, sometimes pleasantly, sometimes unpleasantly, but if allowed to dominate one's thinking can produce either of two undesirable results: one, a failure to see the good in the present and future; or two, inducement to turn back seeking the pleasant scenes only to find frustration in the fact that they are no longer as they were.

This truth about driving applies equally to life, both individual and institutional. For some people the yearning to revert to one's youth tends to hide the usefulness and happiness that are abundantly possible in middle and old age. For some institutions the effort to stay just as they were in previous years prevents them from taking hold of the opportunities of a new era and in some cases even seals the doom of institutions that cling to such a policy.

There is a road ahead for Gulf Park College. It will be different from the road that has been traversed since 1919. Certain differences are now apparent: one, the student body will be larger, from about 240 each year up to 1961, now at 335, in a few more years about 400, at which small size present plans commit it to stay; two, it will be a two-year college with a richer and more diversified curriculum (the high school ceases operation in 1964-65); three, new buildings and new campus features will improve and modernize Gulf Park-by-the-Sea.

Despite the plea of one former student that Gulf Park remain just as it was years and years ago, there is general recognition that such is impossible. Favorite people age, retire, and leave the scene. Buildings deteriorate to the point where they must be replaced. Procedures and methods become obsolete. Change is the rule of life. We cannot prevent it. We can only help determine its direction.

Change can be good. Whatever is in the future can be better than what was in the past. Whatever is along the road ahead can make travel-previous roads seem more worthwhile. The feeling that one is "going places" is essentially the satisfaction that more than offsets the efforts that driving requires.

Gulf Park College has meant much to many people since the first foundation was placed for Hardy Hall in 1919. Nostalgic memories pervade many a contemplation of this cozy campus that looks out to the sea. The deeper satisfaction lies in the knowledge that one has by word or by action or by giving something of herself or himself helped to sustain the continued progress of a beloved institution that has the potential to become all that has been envisioned for it. The road ahead . . . . . .

Commencement 1964

MAY FESTIVAL

Commencement activities really began on Friday night, May 29th, with the May Festival. A marching honor guard of twenty-two students performed some intricate formations on the Lloyd Hall lawn prior to the introduction of the May Queen, Vicki Bradford, and her Court. The Queen and members of the Court were escorted by their fathers as they were presented to the audience of students, faculty, parents and friends. Dr. James awarded Vicki the May Queen trophy, and then the Queen and her Court took their seats on a dais to the right of the stage where the May Festival production of "Plain and Fancy" took place.

"Plain and Fancy," a musical concerning the complications that arise when the "plain" Amish community of Bird-in-Hand, Pennsylvania, is visited by a "fancy" couple from New York City, was a wonderfully warm and sentimental show. Gail Gardner, Pam Perkins and Caryn Stang were cast in starring roles. These three girls were truly delightful and all turned in really "first rate" performances. The entire production was outstanding in every respect with the Glee Club handling the choral work and the members of the Dance League forming the corps de ballet. Many students contributed to the success of this fine May Festival production. Much time and energy were expended, but we can truly say it was well worth the effort, for "Plain and Fancy" provided a delightful evening of entertainment to inaugurate Commencement weekend.

CLASS DAY

Class Day was held at ten o'clock on Saturday morning. One hundred and eighty Juniors carried the traditional magnolia chain of friendship and formed an aisle through which the graduates walked from the Administration Building to Friendship Oak.

Beneath our famed oak tree alma maters were sung and class gifts were presented to the college. Ginger Carroll, President of the High School, presented a beautiful sign for display at the front of the campus. Sue Carey Lindholm, Senior Class President, presented a new public address lectern and a bronze marker for Friendship Oak. Dr. James accepted the gifts for the college.

In traditional ceremonies Janet Garner, Vice President of the Senior Class, presented Friendship Oak to the Juniors. Vice President Phyllis Friou made the response for the Junior Class. Sue Carey transferred the Senior Robe to Cary Christian, President of the Junior Class. Class Day concluded with the entire student body singing the Gulf Park Alma Mater.

HORSE SHOW

The annual Commencement Horse Show was held at two o'clock on Saturday afternoon in the riding ring. It was a fine show with forty-five students participating in seven preliminary classes and two Grand Championship Classes.

Winner of the Nona Rutland Challenge Trophy in the Advanced Championship Class was Vicki Lynn Thompson. Dr. James presented the challenge trophy and the blue ribbon to Vicki Lynn.

Lynn Buell won the G. F. Rickets Challenge Trophy in the Intermediate Championship Class. The trophy and ribbons were presented by Dean Price.

Ribbons were presented for each of the nine classes and the winner of each class received an engraved silver bowl as a personal trophy. The judge for the show was Miss Zelpha Guy Corken of the Audubon Stables, New Orleans.

ART SHOW

On Friday and Saturday a delightful show of student art was held in the Art Studio. All of the students of Miss DeVries and Mr. Waters are to be commended on their display of talent and creativity.

WATER BALLET

A lovely Water Ballet with an Arabian Nights theme was presented on Saturday evening in the swimming pool. A highlight of the production was an exciting routine of diving into a ring of flames. The Aquettes, under the direction of Miss Clare Weddington, put on a delightful show for parents and guests.

BACCALAUREATE SERVICE

The Baccalaureate Service was held on Sunday morning in the auditorium. The processional hymn, "God of Our Fathers," was sung as the graduates entered the auditorium and took their seats on the stage. Dr. James gave the invocation and Anne Berryman sang Mendelssohn's anthem, "O Rest in the Lord."

Rev. W. J. Cunningham, minister of the Galloway Memorial Methodist Church in Jackson, took as his sermon topic "Examinations Extended." He told the students that though they finished school they would never be finished with examinations or testing. Every day life presents tests and challenges that must be met with determined courage and faith.

All sang the hymn, "Rejoice Ye Pure in Heart," and after the benediction by Rev. Cunningham the Gulf Park Glee Club sang a choral response. The graduates left the auditorium singing the recessional hymn, "Onward Christian Soldiers."

Following Baccalaureate a lovely buffet luncheon was served in the dining room.

COMMENCEMENT

Commencement Exercises, the culmination of a weekend of activities, were held at eight o'clock on Sunday evening. Due to uncertain weather conditions, Commencement was held in the auditorium instead of on the Lloyd Hall lawn as scheduled. Despite the move indoors the Graduation Exercises were beautiful and impressive.

The graduating students entered the auditorium to the processional hymn, "God of Our Fathers," and looked lovely in their long white formals. The Seniors carried bouquets of American Beauty roses and the High School graduates carried yellow roses.

The Commencement speaker, State Senator Paul Simon of Illinois, took as his topic "Climbing to Greater Heights." He stressed the importance of women in the world today, and urged the graduates to take a sincere and active interest in the affairs of the community, nation, and world. He urged upon them

their responsibility for leadership in our complex world.

In the Freshman Class Catherine Patterson received the Sigma Psi Iota Award and a scholarship for 1st Honors. Scholarships were awarded to Melinda Bray, 2nd Honors; and Susan Crawford, 3rd Honors. Lisa Perry received Honorable Mention.

The Tri-Sorority Banquet held in the dining room the evening of May 8th created quite a bit of excitement about the Gulf Park campus. Members of all sororities waited anxiously for the announcement of the winner of the Sorority of the Year trophy. Throughout the year competition for this honor had been keen, but there could be only one winner. Before the announcement of the winning sorority the historian of each group presented a beautiful scrapbook of the year's activities to her sorority president. The long awaited moment came when Dr. James announced Sigma Psi Iota as "Sorority of the Year" and presented the beautiful trophy to Sigma Psi's proud president, Anne Berryman.

Sorority of the Year

Sigma Psi won the trophy on an accumulation of points earned in competition in Sorority Sing, Olympics, banner design and scholarship. Carol Johnson, president of Delta Alpha, and Mallory White, president of Delta Chi, congratulate Anne on Sigma Psi's achievement. Next year competition for "Sorority of the Year" should be even more exciting as we anticipate adding three more sororities to the campus. With our larger enrollment there is a definite need for the addition of more groups.

Each of the sororities voted to select three girls who had been outstanding members this year in participating in and contributing to the activities of the sorority. Selected by Delta Alpha were Vicki Bradford, Celia Roberts, and Susan Shirley; Delta Chi selected Mallory White, Susan Hardwick, and Dale Brackin; Sigma Psi selected Nancy Jo Burns, Cary Christian, and Sue Coley. Each of the girls chosen as outstanding member of the year received a lovely silver bracelet with a disc charm engraved with the sorority name.

In April one hundred students made the annual spring trip to Pensacola. On Friday evening the naval Cadets entertained the girls with a candlelight supper, a pre-flight smoker, and an informal dance. Saturday's program included a tour of the USS Lexington, and in the evening a formal dinner and regimental ball at the officer's club. Vicky Fry and Jo Jo Howard were elected to the Pre-Flight Court. The Gulf Park Glee Club entertained at the ball and sang again in chapel on Sunday morning. The weekend concluded with a beach party at the Barrancas Beach House on Sunday afternoon.

In March the Dance League presented a program which included traditional ballet and modern jazz. Sandy Sorth was starred in a lovely production of "Cinderella," and all the members of the Dance League displayed their talents in a lively potpourri of jazz entitled "Slaughter on Tenth Avenue." Such numbers as Hootenanny, Balling the Jack, The Yahoo, and the Stripper were enthusiastically received by the audience.

"THE GRASS HARP" IN FRIENDSHIP OAK

An excellent production of Truman Capote's play, "The Grass Harp," was presented in and around Friendship Oak on the evenings of April 29, 30, and May 1. The play was enacted in the round beneath the historic live-oak tree and some scenes utilized a special platform that had been constructed in the tree.

This comedy-drama of family life and love in a small town nicely balanced moments of tender drama with equal amounts of warm humor. The members of the cast brought a high degree of realism to their roles. Caroline Harlan played the domineering sister with just the proper amount of fire and ice, and Susan Middleton brought a poignant and wistful charm to the role of the other sister. Sue Carey Lindholm, cast as the straight-forward Indian woman, handled her serio-comic role with a perfect naturalness and a keen sense of timing. Supporting players included Jane Meisenheimer, Brenda Sturdevant, Susanne Hume, Edith Worth, and Pat Suttles; all handled their roles with skill and contributed to the excellent quality of this production. Male players included Tommy Meek, Jerry McRainey, and Gulf Park faculty members James Manning and Tom Waters.

Deftly staged by Nels Anderson, "The Grass Harp" provided a delightful evening of dramatic entertainment. The unique setting in Friendship Oak and the mildness of the balmy Mississippi climate contributed to making this production a highlight of the spring semester.

Minnie Minchell . .

Well here it is our last cut session — ain't cha upset? But I've got things to make up for all you'll be missing this summer. Fran — for only forty minutes you're in a h--- oops! heck of a mess! McConnell, about the "card room." Bennett — it's not a *"good"* heart! Pam R. — learn a new word — Sherry — Sherry — Sherry — that's all you ever say. Sidney, just because you have two Seniors doesn't mean you own our hall! Tootsie, you've got one of your own, why didn't you wear it the night of the Senior Banquet? Oh that's right you lent it to Laurie Gray. Ruth Ann G. — it's about the mike in your larynx! Madeline, you're a sophomore—remember? You too, Ginger, at least this year.

Jones — Paul move in Jan. *or* Feb. — you know Sandy doesn't like it after all — Elaine was there first — "squatter's rights." Price — 2nd W does look good in your hat. All of them, P. Knight, you can't haze effectively. Whining! Hudson — glad "Mama Farenzena" set you straight on "Blackartery." Hardwick — temper — temper!

Juniors — watch Active Hall, Active Fountain for *us* (first clue to who I am.) Estes, hope you take some smart pills this summer — you need 'em! Harpe, you hunter, thought you were so smart guessing who M. M. was — too bad! Gerlach, Beer, Meisenheimer, Johnson — how did you like Senior Smoker? Womack, you and Hunter get the roommate love award — even if we did buy it at Kroger's.

Were those notes for the American Government final written on the bottom of a Junior's sandals? Why would anyone do that, S. J.? Junior "scholars" want to be Senior Scholars??? Better get a new supply of term papers for next year — those old ones have had it!

What's this about big Senior Shafer washing Junior boots and High School boots at New Orleans? Any truth to that story Buell and Shirley? Note to all Bit and Spur Club members — a recent statistical survey shows that for every nine women interested in horses only *one* man is. That's a poor percentage — y'all better switch to Practical Arts.

Conway — when you're asked to join a club you're supposed to participate — now there's only ten of us! Mallory — we'll miss your brain almost as much as your dirty looks. Bradford — you're so beautiful — at least that's what you keep telling yourself, but you're the only one who believes it. Gwin — you need a box for all that trash! Sukey — they say absence makes the heart grow fonder, but how could it?

It hasn't been seven years, so it's not that itch —so what's been going on, Liz Hall girls ???? Our self-appointed leader, N. J. Burns, must have an I. Q. of 150 — she knows everything about everything.

As for who I am — write 8744 Crestwood Way, Scottsdale, Arizona.

Love,
Minnie

MARY FRANCES MENEFEE, 1922-24: Mrs. W. G. Lee, Box 81, Homer, Louisiana. Mary Frances and her husband run the drug store on the square, formerly operated by her father. They have two sons. Mary Frances would be happy to talk to anyone in that area who is interested in knowing about Gulf Park.

SARAH LOUISE PARKS, 1924-25: Mrs. J. R. Whitley, 315 Pulaski, Lawrenceburg, Tennessee. Sarah Louise is a teller at the First National Bank in Lawrenceburg.

MARTHA McGAUHY, '25: Mrs. Glen Stephenson, 406 Kenilworth Drive, Birmingham, Alabama.

KATHRYNE WHITE, 1926-28: Mrs. Kenneth Inabett, 2007 Valencia, Monroe, Louisiana.

An article in the December 16 issue of the *Milwaukee Sentinel,* "Skirting Politics — Clubwoman Sparked Cleanup Campaign," indicates that Fran has made quite a stir in behalf of good government in her home state. As legislative chairman of the Federation of Wisconsin Lake Property Owners' Associations, Inc., she was honored in May at a banquet because of her "service, understanding and status she has given the women of Wisconsin," where she is known as "Foamy Fran" because of the drive she spearheaded for a law banning hard detergents because of water polution. The nation's petroleum industries and soap companies have spent a great deal to combat the legislation, but "Foamy Fran" and her fight for good government defeated the paid lobbyists. Although her work is on a volunteer basis, she has become the toughest lobbyist of them all. Bouyant and vigorous, she is tireless in her campaigns for good government.

GULF PARK COLLEGE

NEEDS YOUR HELP

The benefits of Gulf Park College have kept on flowing to students, alumnæ, and the Gulf Coast community. Could you help us continue and intensify such benefits to your own and to coming generations? Your response to our 1962 request for assistance was the most generous in the history of the college. We are grateful to you.

Recent improvements in plant, staff, and program have been notable. Much more is necessary to insure Gulf Park's future usefulness in meeting the demands of higher education. The needs include a new library, new classroom facilities, new auditorium, numerous items of equipment, and the repair and redecoration of older buildings, such as Hardy and Lloyd Halls.

Income from student fees is never enough to meet the needs. As a private-enterprise, non-profit institution, Gulf Park receives no tax grants or church aid. If the college is to survive and develop, generous assistance is needed from individuals for whom Gulf Park has meant something.

Your investment in an educational institution that has meant something to you and can mean much to others will meet urgent needs.
